## NEW EXECUTIVE APPOINTMENT | CHIEF RISK OFFICER

Hi everyone

Earlier this week we announced our annual financial results. As part of that announcement we shared our priorities for FY23, including our commitment to making The Star a safer and stronger company through initiatives like our Renewal Program and the appointment of new senior executives.

In line with that I am delighted to announce the appointment of **Scott Saunders to the new role of Chief Risk Officer**, subject to all regulatory approvals.

Scott brings more than 30 years of risk and compliance experience to this important role with a focus on anti-money laundering and other financial crime risks and controls.

Prior to joining The Star Scott was General Manager, Financial Crime and Chief Compliance Officer at Westpac for three years and before that he worked at Macquarie Group where he was responsible for Enterprise and Financial Crime Compliance.

Hailing from Canada, Scott moved to Australia in 2008.

Scott's start date will be announced in due course. Please join me in welcoming Scott to The Star.

Regards

Ben
