## PROBLEM GAMBLING

For most people, gambling is an enjoyable leisure and entertainment activity. Casinos are perceived by many as good value and a fun experience, providing a diverse range of leisure and entertainment options, including gambling.

For a small percentage of people, gambling can become a problem. Possible problem gambling risk indicators may include a cluster of three or more of the following observed or reported signs:

- ◆ Gambling every day of the week.
- ◆ Gambling continuously without taking a break for extended periods of time.
- ◆ Getting cash out from an ATM at the Casino on multiple occasions.
- ◆ Trying to borrow, 'scam' money or sell valuables to others for gambling.
- ◆ Putting large win amounts back into the machine and continuing to play.
- ◆ Friends or relatives call or arrive to ask if the person is still at the Casino.
- ◆ Blaming the Casino, the staff or gaming machines because they lost.
- ◆ Having an unrealistic perception about the chance/odds of winning.
- ◆ Suffering from depression and/or having thoughts of suicide due to gambling behaviour.
- ◆ Displaying anger, kicking machines, looking sad and/or crying.
- ◆ Trying obsessively to win on a particular machine.
- ◆ Spending too much time and/or money gambling.

Problem gambling is characterised by difficulties in limiting money and/or time spent on gambling. This can lead to adverse consequences for the gambler, others, or for the community.

## EXCLUSIONS

The Star Entertainment Group provides guests the option to exclude (ban) themselves from our Casinos. We provide an environment that ensures guests who are considering this option are dealt with sensitively, confidentially and in a timely manner.

There are two types of exclusions available for individuals who may be experiencing difficulties with their gambling behaviour:

- ◆ Self exclusion (Self-Ban) is when a person approaches one of our Casinos and asks to be excluded. Information will be provided upon request and the exclusion will be processed as soon as practicable – generally immediately.
- ◆ Venue initiated exclusion is when one of our Casinos bans a person from the gambling facilities at our Casinos. This may occur when the Casino believes, on reasonable grounds, that the person is displaying signs of problem gambling behaviour.

What happens once the exclusion order is processed? Exclusions will take effect immediately and remain in force for a prescribed period. A request to revoke an exclusion may only be submitted after a minimum period of one year has passed from the commencement of the exclusion.

Further information is available from each Casino's Safer Gambling Department.

Excluded persons are prohibited from entering or remaining in the licensed gambling area, including participation in Keno gaming and approved wagering at those Casinos.

Consequences of breaching an exclusion may include prosecution in a court of law and potential penalties, including fines.

Once a person is excluded, they will be removed from all mailing lists used for marketing purposes by those Casinos.

## ODDS OF WINNING

Gambling should not be seen as a means of financial betterment. Over time, the odds of winning will favour the Casinos. To assist guests in making informed decisions regarding their gambling choices, we provide information on how to play all games in our Casinos.

Ask for a copy of our 'How to Play' brochures. The odds of winning are incorporated in all of our Gaming Guides and are available on our websites.

## CUSTOMER COMPLAINTS RESOLUTION

The Star Entertainment Group Casinos have in place a complaints resolution process for gambling and safer gambling related matters. All complaints are referred through this process for resolution by the appropriate level of management. If a complaint cannot be resolved by this process, guests have the opportunity to refer their complaint to the Queensland Office of Liquor and Gaming Regulation (OLGR) or to Liquor & Gaming NSW.

## MINORS ARE PROHIBITED

It is an offence by law for any person under the age of eighteen (18) years to participate in gambling activities. The Star Entertainment Group Casinos prohibit persons under the age of 18 years from entering and remaining in any licensed gambling area. The Star Entertainment Group Casinos also prohibit persons from leaving their children unattended in any area. Persons found doing so may be excluded from the Casinos and reported to the appropriate Government Authority.

## RESPONSIBLE SERVICE OF ALCOHOL

Non-alcoholic beverages, including tea and coffee, are available for guests. Persons who are intoxicated are not permitted to continue to gamble.

Our Casinos reinforce with employees the importance of the responsible service of alcohol. Training regarding individual and company responsibilities in relation to gambling and the service of alcohol is provided to relevant staff members.

## TIME SPENT GAMBLING

Intensive, repetitive and extended gambling play is not encouraged. We have taken measures to keep guests aware of the passage of time whilst they are gambling. Most of our gaming machines show the time of day and clocks are displayed in gambling areas.

The Star Assist program offers our guests the option of setting limits through the use of their loyalty card on selected electronic gaming machines. For further information or assistance guests may approach our staff.
