COMMENCEMENT OF CASHLESS GAMING TRIAL AT THE STAR SYDNEY

Further to the announcement of 16 February 2024, The Star Entertainment Group Limited (**The Star**) advises that the formal trial of cashless gaming and carded play at The Star Sydney casino has now commenced following the receipt of relevant regulatory approvals.

The trial is a precursor to reforms to the NSW regulatory framework which will see cashless gaming and carded play introduced to NSW casinos from August 2024.

The trial will apply to 51 poker machines and 8 table games within the 'Sovereign Room' at The Star Sydney casino.

Commenting on the commencement of the trial, The Star's Group CEO and Managing Director, Robbie Cooke, said:

"The commencement of the trial follows months of planning, development, testing and training in consultation with relevant regulators. The trial environment provides an opportunity to test the new technologies and processes, from the perspective of both our guests and our team members. Readiness for the new regime that will apply from August 2024 is a key element of our transformation program."
